World Sleep 2022 in Rome, Italy

CURRENT INDICATORS

World Sleep Society takes the health and safety of its members seriously. Below are more details on each of the indicators that are being used to guide decision-making.

GOVERNMENT RESTRICTIONS

Travel into Italy must be open and without quarantine restrictions for an in-person congress. World Sleep Society will monitor the communications from the Italian central government for updates to regional conditions and restrictions.

INFECTION RATE

World Sleep Society will track global and European infection rates using data from WHO and ECDC.

VACCINE EFFICACY

A variety of vaccines are in use worldwide. Common vaccines must be demonstrably effective for a global in-person meeting. World Sleep Society will track infection rate data from WHO.
